Called "the Ancients' inspiration" by fans, the Elden Ring is an ancient artifact lost in time, as well as a myth. Sharing the same world with Gods of mythology such as the Great God Odin and the Great Goddess Gaia, the Elden Ring was forged by another Gods, called the Pariah Gods, and named AECS. Long ago, the Elden Ring was bestowed to a God called Sigurd, who was entrusted with the task of protecting it. As mankind began to awaken and explore this world, its power was used by modern man to take the long journey towards a new era. Since the Elden Ring has an endless power, mankind transformed this world in a chaotic manner. The era has come to an end, and the Elden Ring has come to this age. Rise as the "Elden Lord" and take on the task of securing the protection of the Elden Ring and the Gods. Elden Ring Game is a complete fantasy action RPG where you play the role of the Lord of the Ring. Here is the story, drawn by the original illustrator of the Sword Art Online. The Elden Ring that is lost in time and the civilizations and tools forged by the Ancients has come to this age. In its day, the Elden Ring had the power to create a new world, but mankind transformed it in a chaotic manner, changing the landscape to its own perception. We can only hope that the Elden Ring can be restored, and the world be returned to a new era of peace. However, that is your task as the Lord of the Ring: to protect the Elden Ring, and secure the peace of this world, for the sake of mankind. Fantasy Action RPG with rich story that centers on the Lords of the Ring. Together with the blessing of the Gods, you can rise as the Lord of the Ring, the savior of mankind, and bring the Elden Ring back to the new age. Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. • A Vast World Full of Excitement A vast world where open fields with a variety of situations and huge dungeons with

complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. • Create

Q: How can I safely run multiple instances of multi-core CPU Is there any safe way to use multi core CPU? (I do not mean multi core socket) I need to use multiple core CPU while connection to the web server. Some forums said that I should not use multiple process to connect to the web server. I want to use Nginx webserver. A: There's no problem using the same process to connect to multiple servers or services. What you don't want to do is use multiple processes to connect to a single service. If you have multiple instances of the same service, then a common approach is to have each instance listening on a different port. If you expect a specific amount of visitors, you can also have each instance of the service reserve some

A closer look at the economic strategies of top 10 Indian car makers The Indian automobile industry remains among the fastest growing automobile markets globally. While the automobile market size was valued at Rs 82 lakh crore in 2016, it is forecast to grow to Rs 1.5 lakh crore by 2020. At the Indian Auto component industry summit organised by IMARC group, automobile component makers, big four automobile manufacturers and smaller automobile industries had given their projections for the next five years. The Indian automotive industry expected to register a growth rate of over 15% in the next five years. In an attempt to attain this growth, the industry has come up with several strategies. The automobile industry is attractive due to many factors, including, (a) an increasing middle class population in India, (b) rapid urbanization and demographic shifts as a result of which cities are growing fast, (c) the low-priced cars and SUVs that the industry manufactures, (d) the government initiatives to promote automobile industry, (e) the rise in automotive exports, and (f) the rise in consumer awareness. The government has taken several initiatives to boost the automobile industry. In April 2018, it had announced that the excise duty on cars in the range of Rs 1.5 lakh to Rs 2.5 lakh would be hiked from the existing rate of 5% to 8%. In August 2018, it had announced the Automotive Industry Growth Scheme (AIGS), with the aim to create a common platform for automobiles, trucks, buses, and engines to allow a seamless trade
